Observations/Feedback from user Testing

User Testing (User One)

1.

Feedback: The side drawer is causing ambiguity

Action: The drawer has been removed and a hyperlink for academic options has been added to the top right corner

2.

Feedback: The subtasks can directly jump to its respective page

Action: The new page removes its need for change

3.

Feedback: In the transportation section more information and clarity can be introduced

Action : Maps has been added to mbta transport system

User Testing (user Two)

1.

Feedback: An addition of Frequently asked questions would be helpful

Action: A Faq section has been added at the end of the homepage

2.

Feedback: More clarity on Bus system

Action; The initial and end destinations of the bus system has been added

User Testing (User Three)

1.

Feedback: The tutorial page would be limited or would lead to extreme information

Action: Limiting the tutorials to significant tasks

2.

Feedback: Merging the download resources page to the academic page

Action: Both the pages have been merged to maintain proper classification.

3.

Feedback: Keeping the side bar for the academic section for ease of navigation.

Action: The Side bar has been used for academic section.

BREIFING

Btown helps users find and make use of academic resources, libraries, research opportunities, and events that match their interests. Next the site will focus on providing easy access to essential city services, including transportation, health care, and local government information.
